Credible Sources - Literature Review & Article Selection (30 points)

Description: In Part 2 of this assignment, you will use the "burning question" you formed in Part 1 to identify key search words or terms, enter these key terms in a credible search engine to explore peer-reviewed journal publications, and finally, select a peer-reviewed journal publication that best answers your "burning question". Review "Credible Sources Assignment: Overview" document for full details and grading rubric.

1. **2 points. Restate your "burning question" in the most specific, concise wording possible.** Incorporate suggestions proved in class and/or from Part 1 feedback when restating your "burning question".

2. **2 points. What changes have you made to your "burning question" based course readings, discussions, or other feedback and why?** If no changed have been made, please indicate how you used course content or prior experience to develop your "burning question".

3. **5 points. Provide a bulleted list of at least 5 key search words or terms (0.5 point per term), AND indicate why you selected each term (0.5 point per rationale).** Identify keywords or search terms that you plan to use when searching for peer-reviewed publications. Suggestions for how to identify and use search terms can be found using the IIT Galvin Library - Keywords (How do I find articles in databases?)
